## VOC Exempt Status

### Pure Silicone Fluids (Polydimethylsiloxane)

### Cyclo-Fluids (Cyclomethicones)

In our commitment to develop “green”, environmentally friendly products, we are happy to present our **Green Line** of products.

All Clearco Pure Silicone Fluids (Polydimethylsiloxane fluids) and **Cyclomethicone Fluids** are exempt from U.S. Federal VOC regulations, which include CARB (California Air Resources Board) and the OTC (Ozone Transport Committee).

These fluids do not contribute to ozone depletion and they do not contribute to global warming.

Further, Clearco Pure Silicones and Cyclomethicone Fluids contain no chemicals listed under both California Proposition 65 and EPA SARA Title III Chemical Listings.
